In order to satisfy our clients,  
we put strong emphasis on the quality of our service.

For years, we always built  
with high standards of safety  
while considering clients needs and requests.

In the end, it is clients satisfaction  
that bring our company reputation

University of Indonesia Civil Engineering  
Experienced since 1985

# Introduction

## company profile

PT. Tritunggal Mitra Adikarya was previously named CV Tritunggal. Established in 1985, changing our name into PT. Indobaja Ciptagraha in 1992 and now become PT. Tritunggal Mitra Adikarya

Our company engage in construction sector for housing, steel construction, land excavation and other civil works. In 1990 we established a new division to rent project equipment and tools. We are now focused on factory, warehouse and steel construction

Our Vision is to become notable construction company in Indonesia that commit to deliver outstanding and consistent services to our clients. Our Motto is " hari ini harus lebih baik dari kemarin dan hari esok lebih baik dari hari ini", with this we consistently expanding ourselves in quality, resources and service to client

Last but not least, it is because the grace of God and support from our satisfied clients, we could achieve what we have achieved today. We are proud of our work and will continue to strive our best for our beloved company.
